## All models share a common DNA:

- Only stretchable lamb/goat leather is used as upper material
- The forefoot area is softly padded, fully stretchable and seamless
- The calf leather lining is breathable
- The soft natural cork footbed is changeable
- The slim heel provides the best grip
- Lacing and velcro functions guarantee optimal adjustment to the foot

**Bunion deformity**

**Hammer toe**

**After surgery**

**Corn/clavus**

**Swollen Feet**

**Algesia sensitivity**

**Diabetes prevention**

**Malposition**
